

MISTAYA

SPRING NEWS

2007

Hello everyone,

Summer is fast approaching and it will be here long before the winter snow leaves the glaciers that surround the Wildcat basin. This past winter was near record snowfall for the area and the groups were lucky enough to be skiing fresh powder right to the end of the season (May 5). Thank you to all the guests and staff that helped with hours of shoveling snow throughout the season.

Mistaya's really big news this winter was the safe and early arrival of Sara Emily on January 4. A big thank you to the two helicopter companies in Golden for getting Dave and all the family from the lodge and to the hospital in time for Sara's birth. Snow storms and darkness were fast approaching when we got word of Cindy being checked into the local hospital. But we made it!

Congratulations to our guiding staff members Merrie-Beth, Ian and Keith on passing their most recent ACMG guides exams this spring. We knew they could do it! And to Sylvia all the best on her marriage to Kim in May.

For those still looking for somewhere to go hiking this summer we have lots of space open in early July and into August. If you are thinking about hiking in late summer, we have a special rate going for the first two weeks in September. Give Cindy a call or email to book your summer trip!

We hope everyone has a great summer and plenty of hiking with friends.

All the best,

Dave, Cindy, Sara and Ginny
